Pre-Grown Mats

Install Irrigation Under Mats

Finished

¾ clean stone as ballast edge
Or pavers
*Option pending detail
1. Prime surfaces with an EPDM primer. Prime both the membrane and the edging.
2. Install 3" double sided seam tape.
3. Press edging into the top of seam tape.
4. Use a 6" cover tape to secure the edging.
NOTES:
Install irrigation lines under the green roof panels.
